

blmc\_drivers::DeviceInterface

```
classDiagram
    class DeviceInterface["blmc_drivers::DeviceInterface"]
    class AnalogSensorInterface["blmc_drivers::AnalogSensorInterface"]
    AnalogSensorInterface --|> DeviceInterface
```

The diagram illustrates an inheritance relationship between two C++ classes. At the top is a white rectangular box with a black border containing the text "blmc\_drivers::DeviceInterface". Below it is a gray rectangular box with a black border containing the text "blmc\_drivers::AnalogSensorInterface". A blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that "blmc\_drivers::AnalogSensorInterface" inherits from "blmc\_drivers::DeviceInterface".
